

SOAR ROBOTICS

We are a competitive robotics team that designs, builds, and programs a new robot every year! After a 6-week build season, we compete with teams from all over the world at regional competitions.

We are 4x Regional Champions that have competed in California, Texas, Nevada, Arizona, Utah, and Missouri.

All students are welcome!
No experience is necessary!

LEARN ENGINEERING SKILLS IN:

MECHANICAL

- 3D Modeling (CAD)
- Robot Assembly & Design

MEDIA & COMMUNICATIONS

- Photography
- Video Editing & Recording
- Graphic Design
- Social Media Management
- Journalism

SOFTWARE

- Programming

ELECTRICAL

- Soldering

FABRICATION

- Machining
- Woodworking
- Metalworking

MEETING TIMES:
Friday 3:45pm-6pm
Saturday 9am-12pm

ROOM
506
